- Solving problems
- Subtraction and addition
- Recognising, writing and counting numbers to at least 10
- Using positional language
- Time

**How to help at home:** Retell familiar stories and talk about the difference between non fiction and story books. Write simple captions about things you have done at the weekend. Sing the alphabet song and say each letter name. Find and name numbers and shapes in the environment. Practice telling the time and talking about what happens at different times of the day.
