25th November 2020

Dear Parents / Carers,

As part of our Design & Technology curriculum, we have been exploring how musical instruments work. We have learnt how to make music from stretching strings, skins, tiny particles and blocks. The children have used what they have learnt to design their own musical instrument using everyday household recyclables and we would now like to make them.

Please can you send in any recyclable items your child will need to make their musical instrument **no later than Tuesday 1st December**. We shall quarantine the items for at least 48 hours before they are used, but if you put the items in a named bag, we can ensure your child uses the items they brought from home.

Recyclables may include cardboard boxes, cleaned butter tubs, washed plastic bottles and kitchen rolls.

Thank you for your continued support,

Mrs Thomson, Miss Bentley and Mrs McAuley
