Staffing

Congratulations to Mrs. Scothern, who is expecting her third child in May. She remains in school at present (as do all of the staff). Mrs. Scothern plans to begin her maternity leave (dependent upon the COVID-19 situation) around Easter. Owls' Class parents will be written to separately to inform them of current plans for during her absence.

ATTENDANCE

We won't be adding attendance figures here, but we will try and find a way of collating children's engagement with learning (at home). This does not mean that everyone has got to do all of the work, (we get the pressures!)but any child who engages each day with something will count towards their class.

| | |
|-----------------|----------|
| Skylarks | John |
| Swallows | Emily |
| Swifts | Konrad |
| Doves | Fraser |
| Owls | Evie-May |
| Ravens | Joshua |

Home Learning

First sessions using TEAMS have taken place today. I know that you will be patient as we work with the technology. As we only have IT support on Thursday and Friday, staff are trying to sort any glitches out themselves. Whilst simultaneously delivering content/teaching children in class, this is highly demanding and as always, they are giving their all.

Reminders:

- As before, should any child display symptoms of Coronavirus they should not come to school;
- If any child not attending school tests positive for Coronavirus it is important that school is informed.
