

Latest News!

We are fully staffed and not suffering absences due to COVID, working restrictions, self-isolation, or the usual sickness issues. This can change suddenly if bubbles close, staff are ill or are absent for their own childcare. Other schools know this only too well! We have things in place to avoid disruption, and will let you know if anything changes. However, it is wise to be prepared even if your child is receiving home education.

Home Engagement

Well done to everyone who is working hard and returning work to their class teacher, or attending any lessons/chats. Engagement data is a start but won't include those who struggle to engage through no fault of their own.

We know that the level of work we have to provide is overwhelming for some, so do what you can within your own circumstances. Every home is different – and that's okay!

Reminders:

- If you're not up to speed and don't have a TEAMS login for any reason, please contact your child's class teacher by email. Each class has its own email address in the format: '<nameofclass>@nenevalleyprimary.net'. Some teachers work part-time and are only available on days they work.
