Staff testing

All staff have now been offered a twice weekly LFD test, taken at home. This is really helpful in finding asymptomatic cases but it does have implications. If staff test positive, close contacts must self-isolate until a PCR test is arranged. This has caused sudden closure of bubbles at several schools. Please be prepared just in case.

Thank you to all staff for their support with testing at home – another thing added to their role.

Nene Valley Award Winners

EYFS/KEY STAGE 1

Robins	Beatriz
Wrens	Elliot-Henry
Puffins	Faith
Cuckoos	Lewis

Engagement

Apologies to some classes. Not all of their figures were included last week, thus lowered their engagement rates. Sometimes this is when work for Friday arrives over the weekend. We are really grateful for that, but there may be a lag in our data. It's not a precise science!
