

Nene Valley Primary School Accessibility Policy and Plan

Introduction

Nene Valley Primary School is committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. It is committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Nene Valley Primary School plans, over time, to ensure the accessibility of provision for all pupils, staff and visitors to the school.

An Accessibility Plan has been drawn up to cover a three-year period but objectives will be reviewed annually.

The Accessibility Plan will be informed by a 3-yearly audit and will contain relevant actions where identified to:

- Improve access to the **physical environment** of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.
- Increase access to the **curriculum** for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist **aids and equipment**, which may assist these pupils in accessing the curriculum.
- Improve and make reasonable adjustments to the delivery of **written information** to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.
- The Action Plan for physical accessibility relates to the Access Audit of the School, which is undertaken every 3 years. The audit will need to be revisited prior to the end of each first three-year plan period in order to inform the development of the new Plan for the following period.

The Plan will be monitored through the Local Governing Body.

Nene Valley Primary School acknowledges that there is a need for on-going awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
