Dear Parents/Carers

CHRISTMAS CARDS

Christmas has arrived at Nene Valley and the time of Christmas cards is upon us. We would again like to offer an alternative to each child sending cards to their class on an individual basis. Not only is this costly for you but as a Sustainable School we aim to reduce waste where possible.

We suggest that children could make their own special card to send to the whole class and make a small contribution to the charity box in the staffroom. Each year the staff do this and raise money for charity. The children will learn about the importance of charitable giving at this time of year and we can also protect the earth's resources.

We hope you will support us in this aim.

If you wish to send cards to individual children please ensure that they are clearly labelled with the child's name and class and that they are posted in the post box outside the hall (the children can do this themselves during registration). The cards are then sorted and distributed each day at a set time arranged by the class teacher. We actively discourage children from handing cards over themselves as this soon becomes quite disruptive.

Merry Christmas

Mr N Reilly
Head Teacher
